SANTANA GOES

In the bicentennial year a real Spirit of '76 was evident at Santana. Beginning with the September BBQ, and an outstanding Carnival, the Sultans had never seemed to be so involved in their school.

As Santana's eleventh year unfolded, participation was "in" again, and Spirit had taken on a new meaning.

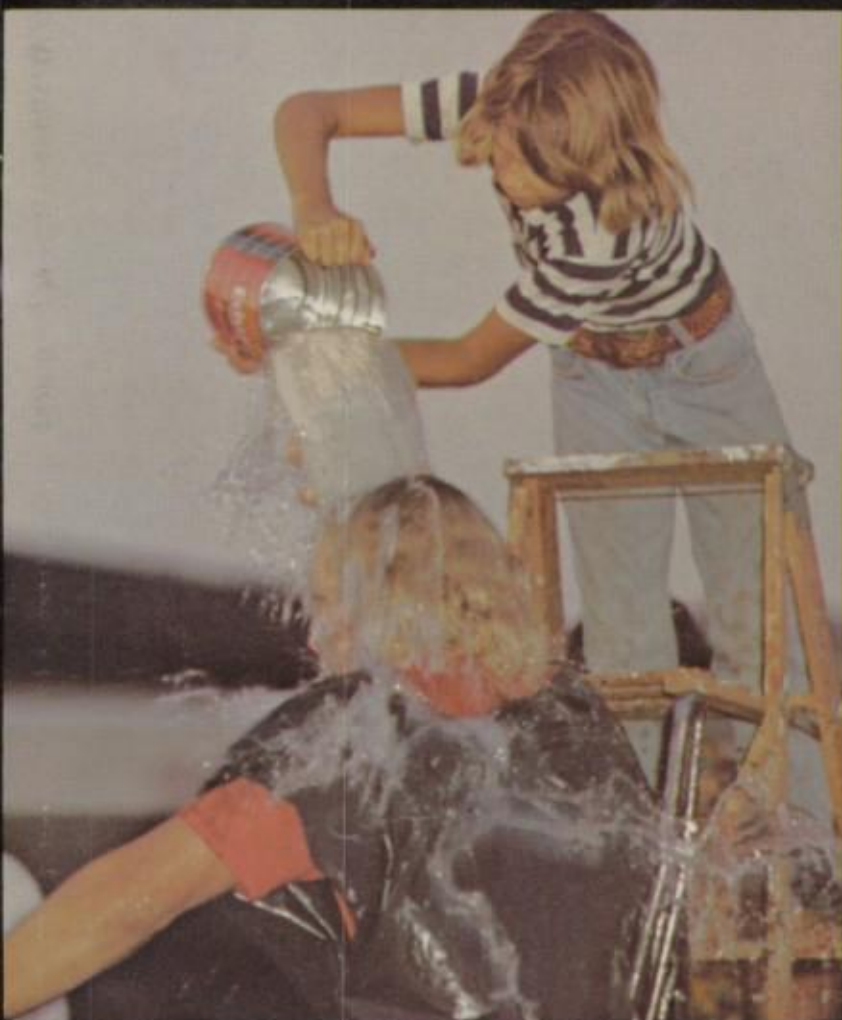

The Scimitar pages that follow are a pictorial record of Santana's Spirit '76!

HOMECOMING CALLED FORTH THE "SPIRITS" OF '76!

Halloween brought much more than trick-or-treaters, carnivals or superstitions this year. Along with it came Santana's homecoming. The highpoint of the evening came when Terry Fletcher was crowned queen by last year's winner, Michelle Hurst. Thus ended several weeks of anticipation for Terry and her court. The five finalists were chosen by ballot at an assembly October 21st. Spotlights, soft music, roses, 30 lovely girls and a packed gym made the assembly one of the greatest Santana has ever known. The five finalists were Terry Fletcher, Valerie Huffman, Chris Kolesar, Diana Sanchez, and Debi Spees. Honorary princess was Ami Nasution, our A.F.S. student from Indonesia. Homecoming week Oct. 27-31st. Senior class sold goodies in the quad Tuesday thru Wednesday. They made a good profit. On Thursday the A.S.B. sponsored a lemon eating contest which resulted in a tie between Jim Moore and Bruce Millard-12 lemons each! Friday the 31st came and so did the homecoming pep assembly. After the 6 princesses were introduced by A.S.B. president, Jeff Kingery, the cheerleaders brought a lot of spirit to another full gym. As a result, Mr. Guess got a pie or two (or try four) in his face. To top off the excitement, candy and presents, Mr. Brady led everyone in a cheer. Homecoming night. . . our home game against our mother school, El Capitan. El Cap scored 6 points in the 1st quarter, and held that lead until halftime. Then the parade began. The band played while candy, class floats and sport cars carrying princesses and escorts came around. Parachuters Bob Feuling and Roger Worthington from the class of '69 "dropped" in and announced the queen. . . Miss Terry Fletcher! After crowning, hugs, and tears all were rushed off the field and the 2nd half started. The Vaqueros' one touchdown gave them the victory-final score was 0-6. Afterwards a dance was held at the gym in honor of the event. "Pegasus" played in midst of colorful Halloween decorations. Even though the Sultans lost the game the evening was considered a success. It surpassed all past homecomings. Therefore, this was one Halloween long to be remembered.

Banner Corps: Pam Anderson, Joanne Awbrey, Elizabeth Gomez-Captain, Mandy McClain, Erna van Dinteron, Leann Young.

Santana's Sultan Band practiced self-discipline and concentration under the direction of Mr. Ken Wharton. The enthusiastic band practiced long hours resulting in fine performances.

For his second year in a row, Scott Campbell has held the prestigious position as Drum Major. At the Poway competition he won second place in Drum Major Mase division.

The Drill Team was advised by Margaret Meyers and her two year experience greatly benefitted the group.

Drill Team Captain, Laura Arriaga, did a superb job leading the Sultanas. Her corps received the highest score in their class at the Annual Autumn Band Review.

Banner Corps Captain this year was Liz Gomez. Their uniforms were known to be one of the best in the District.

Marching Band Mascot was an energetic young lady of only nine years old, Susan Shivak.

Strings Inspire Beauty

The Orchestra is a small but fast growing group. We all felt that even though we don't have as many members as we'd like, we still enjoy playing our instruments and working together.

The Orchestra participates in several concerts throughout the school year. Two of these being the District String festivals. One of these festivals takes place in the fall, one in the spring. We also take part in the annual Santana Spring Concert, held here at school each May.

Other favorites of all Orchestra members are our pizza parties and get-togethers. These give us a chance to take time off from working and we have a lot of fun.

A Thought

A Dream

A Reality

Coming from a European country which is about as industrialized and modern as the United States, I thought that it would not be too difficult to get used to another modern way of life. But already in the first week of my year, I got my first "culture shock." At, believe it or not, a Jack-in-the-box. I had never seen one before, as a "drive-thru" is something really new for me. On my question as to why everybody likes to stay in the car while being served, I was told that it was much more convenient. It might seem strange to you, but European life style means also, going out to dinner is to talk to people instead of going because you are hungry. I finally got used to Jack-in-the-Box and I think I enjoy it now very much, and it is fun to go there after a football game, like many other Sultans.

My first impression of Santana was that everybody had no time for other people, and that everything was so busy. I was really frustrated by all the "tardies," something that I had never heard of in my life. But finally I accepted it and began to understand. I noticed which teachers didn't care when you are late, and fortunately there are still some, which I think is really good. I got to know many people and am proud to be able to say that I have found some real good friends. I want to thank them, especially Mrs. Rooney and the I Club. Mrs. Rooney helped me very much to get rid of frustrations and problems. There are some really wonderful people in the I Club, and I enjoy being part of it.

I am now still standing at the beginning of my year, one that will be so important for me, and I know that it will be a fantastic year. Thank you.

Very sincerely,

Dear Sultans:

When I arrived here at San Diego airport on July 19, 1975, I expected to come to a country of fighting indians, brave cowboys and daring settlers, broken homes, bad generations as this is what I saw in many movies in Indonesia (my mom was so worried about this.) But in fact American life is different from what they showed in movies, so I started to forget everything I heard about the USA and find out what it is like myself. I went shopping at the Safeway, went to football games, eat hot dogs and fried chicken, making friends and parties. At last I find that I enjoying live with all of you and I just love American food. In here I would like to write a part of my diary that I wrote on Sep. 13, 1975 about Santana- . . . "a school where the students stick to themselves. I wish I'm study in my last school in Indonesia . . . so I don't have running from one class to another and I don't have to worry about anything . . ."

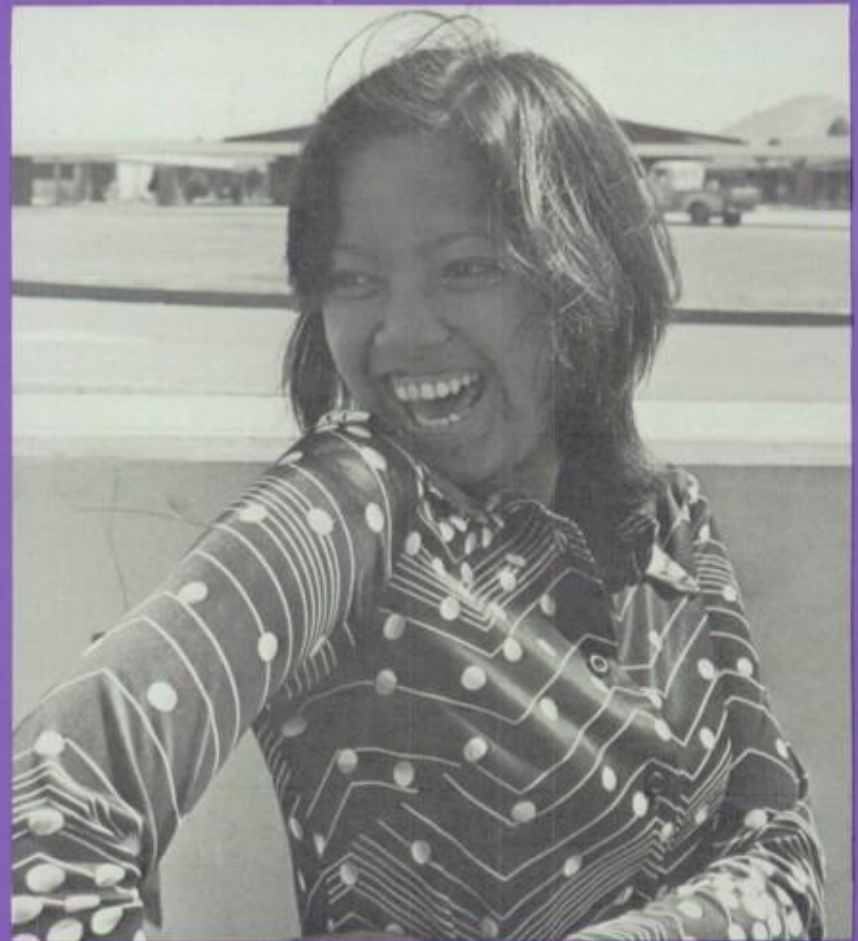

This is part of my diary that I wrote on Nov. 1975 . . . "God, thank you for everything that you gave me, wonderful teachers that I have, very friendly of Sultans. I enjoying being a Sultan in Santana. Everything change in my life and time goes so fast. Thank you very much to all the members of I Club for everything that you ever done for me. Also many many thanks yours for my American family.

At last I just want to say that a year as AFSer is the interest one I ever had. The happiness, the good and the bad, the triumphs and the failures, the tears and the laughs everything have a meaning for me and help me grow up and know what life is.

Sultans, if you have a trip to Asia don't forget come to visit Indonesia. I would be glad to do something for you. Good luck Sultans! Good luck Santana!

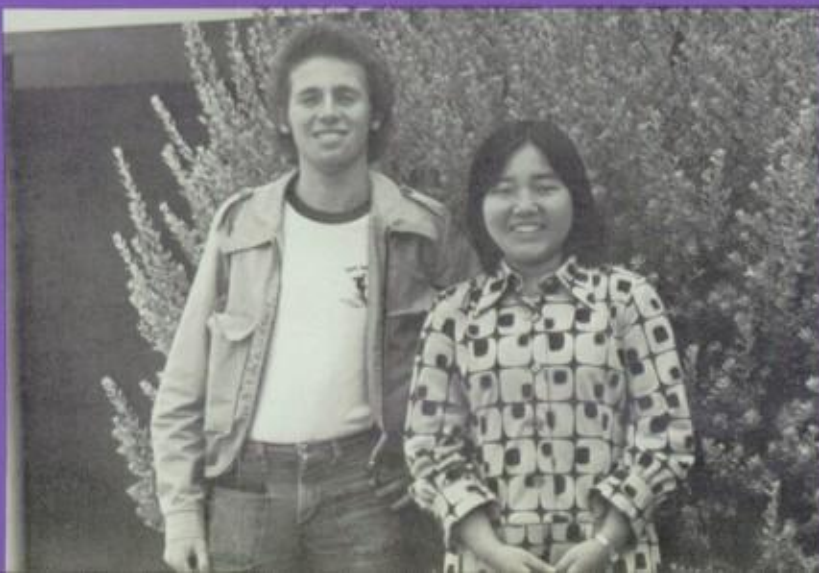

Till we meet again

International Cultural Exchange (ICX) is a program in which students from foreign countries come to the United States to participate in the American way of life. Unlike AFS, they come to America at their own expense without financial aid from participating schools.

This year's ICX students were Michiyo Nishii from Japan, and Lennart Waje from Sweden. ICX students are also members of I Club, and take part in all activities during the year.

Our Spirit is SKY HIGH

Varsity cheer soared high with spirit this year. There were six song leaders and six cheerleaders who took part in the Summer Cheer Camp in Santa Barbara, California. Cheer promoted spirit at all activities, sports, and parades, and did a SUPER job. Alternates were, for cheer, Sue Irion, for song, Becky Lafferty.

I Club is a group of very special people who take time to help make the world a better place to live in. They helped raise money to bring foreign students to our school with money-making projects such as; An arts and crafts fair at Parkway Plaza, an annual AFS jar drive, and an International fair in the spring. Mrs. Rooney and Mrs. Spaulding were the advisors and extremely helpful in all I Club activities. I Club was a tremendous turn out with over fifty members this year.

Campus Life is an organization headed by Kathe Nicolett and Rich Hanson. The meetings are held on Thursday nights at 7:17 and people come just to be with friends and have fun. On alternating Thursdays a deeper "Insight" is held where people get together and discuss the Bible. The activities included a Burger Bash at Pat and John Vega's house, Fat Alberts, Living Inn, a trip to Mexico, and of course the Haunted House (which was held in Balboa Park.)

One thing that never changes at Santana is the enthusiasm for Powderpuff Football. In 1976 the POW! in Powder Puff was as dynamic as ever.

The annual Powder puff game was played on Jan. 21st. The Seniors won the game by a score of 8-2. The winning 8 pts were scored with a touchdown by Terry Fletcher.

The Junior points were scored by a touchback on Senior Pam Dehart to prevent the Juniors from making a possible touchdown.

Mat Maids and Track Maids

The Mat Maids give a little glamour to all home and away wrestling matches. They assist the teams by helping to roll out the mats, present awards, and serve fruit to keep up the guys' steam. The Mat Maids also help "pin" up the wrestling season.

Track Maids attend all cross-country and track meets and travel with the teams and help out by setting up hurdles, keeping and charting time, giving scores, presenting awards, furnishing refreshments for the athletes and generally keep things "running" smoothly.

"CANDLELIGHT CHRISTMAS"

This year the annual Christmas dance was held at the Balboa Park Club in Balboa Park on December 19th. "Candlelight Christmas" was sponsored by the Senior Class and chaperones included advisors Dave Hunter and Richard Beach. Dress was semi-formal and tickets were \$6.50 per couple, \$4.00 stag. Couples danced from 8 o'clock to midnight to the dynamic sounds of Prysm. To add to the excitement, class princesses and queen were announced. A crowd of over 220 couples helped to make the dance a huge success.

CSF CLIMBS THE LADDER TO SUCCESS

California Scholastic Federation, or more commonly known as CSF is the start for a secure, successful life in college. Your grades are the foundation. You must have a B+ average in your academic courses. A CSF student is rewarded for his achievements when he or she graduates. If they were a member for six semesters, they receive a gold seal on their diplomas and transcripts. Colleges look twice when they see a gold seal bearer. Mrs. Aris Treat, Advisor for CSF, knows the strain on college bound students. She tries to plan monthly outings that are fun. The students have been to places like Balboa Park, San Diego Zoo, and the beach.

Girls' and Boys' State

An Experience to Reflect On

Girls and Boys state for this year was Marilee Challberg and Martin Hargrave. Two students are chosen by the faculty every year to represent Santana in Sacramento, in a simulated state government. They spend nine days, in separate locations learning how state government is run. The students, who came from all over California, set up their own state with cities, counties, and all the elected officials to go with each. Speakers from the state senate came to talk with the students, as well as others dealing with the political scene. At the end of the session they receive a life membership in Girls and Boys state.

Drama is truly an adventure. This was proven by their first play of the year which was "The Adventures of Don Quixote." The advanced drama students, led by the direction of their advisor, Miss Norma Basgall, deserved many curtain calls for their fine performance. The audience only sees the finished production on stage. There are countless hours of work put into the props, costumes, rehearsals, and more rehearsals. Again this year, the drama class was fortunate to have the use of a video tape machine. This enabled them to be their own audience. Drama had some time-outs away from their work. They sponsored a school dance which was very successful, and had a candy sale on campus. At the time of publication, Drama was planning their next play which is, "The Sunshine Boys." It was being planned for Spring.

Five year drama advisor at Santana, Miss Norma Basgall is dedicated to putting on top notch plays. Miss Basgall seems to favor Neil Simon plays. Without a doubt, they are the best. Before the Drama Club can start a play, they have to pay a royalty fee. This fee is usually around \$100.00. Any student at Santana is encouraged to be in the drama class. There is a beginning class, right up the line to the advanced drama. You do get English credit, and it's fun.

This season proved to be heartbreaking for the mighty Sultans. At the beginning of the year the team looked good, with a win against El Cajon, in the Football Carnival, and Escondido, the Avacado League Champions. The season looked bleak from then on, with heavy losses and many injuries. One high point of the year was a win against Helix, for the eighth year in a row.

At the December 8th football banquet, Ward Rickman received Most Valuable Player. Team Captains were Steve St. Clair and Paul Houlihan. Most inspirational went to Paul Houlihan, and the Coaches Award went to Paul Roche.

JV Saves Lagging Season

1st row: Jim Grishaw, Don Rack, John Fleener, Carlos Olmeda, Randy Dillenger, Tim Gilbert, Charlie Scandlyn, Warren Tunnell, Bob Bailey, Brian Schultz, Wally Carr, Bobby Seiner, Robert Johnson, Junya Patterson, Matt Hanson, 2nd row: Bob Ethington, Richard Vela, Richard Hogue, Steve Land, Bob Perkins, Steve Ellis, Mike St. Clair, Richard Vega, John Bermudes, Tom McCullough, Steve Reese, Brian Capuano, Bob Schotsch, Dennis Orr, Colonel Surratt, 3rd row: Bryan Kelly, Mike Scialdone, David Alfer, Larry Claytor, Duane Deterville, Bob Alm, Gerry Bly, Ernie Gilbert, Dennis Lathrop, not pictured: Ron Rice, Jeff Rochester, Jeff Frederick, Tom Everett, Dwayne Buchanan, Charlie Scandlyn, Matt Hanson, Steve VanBuren, David Aguirre

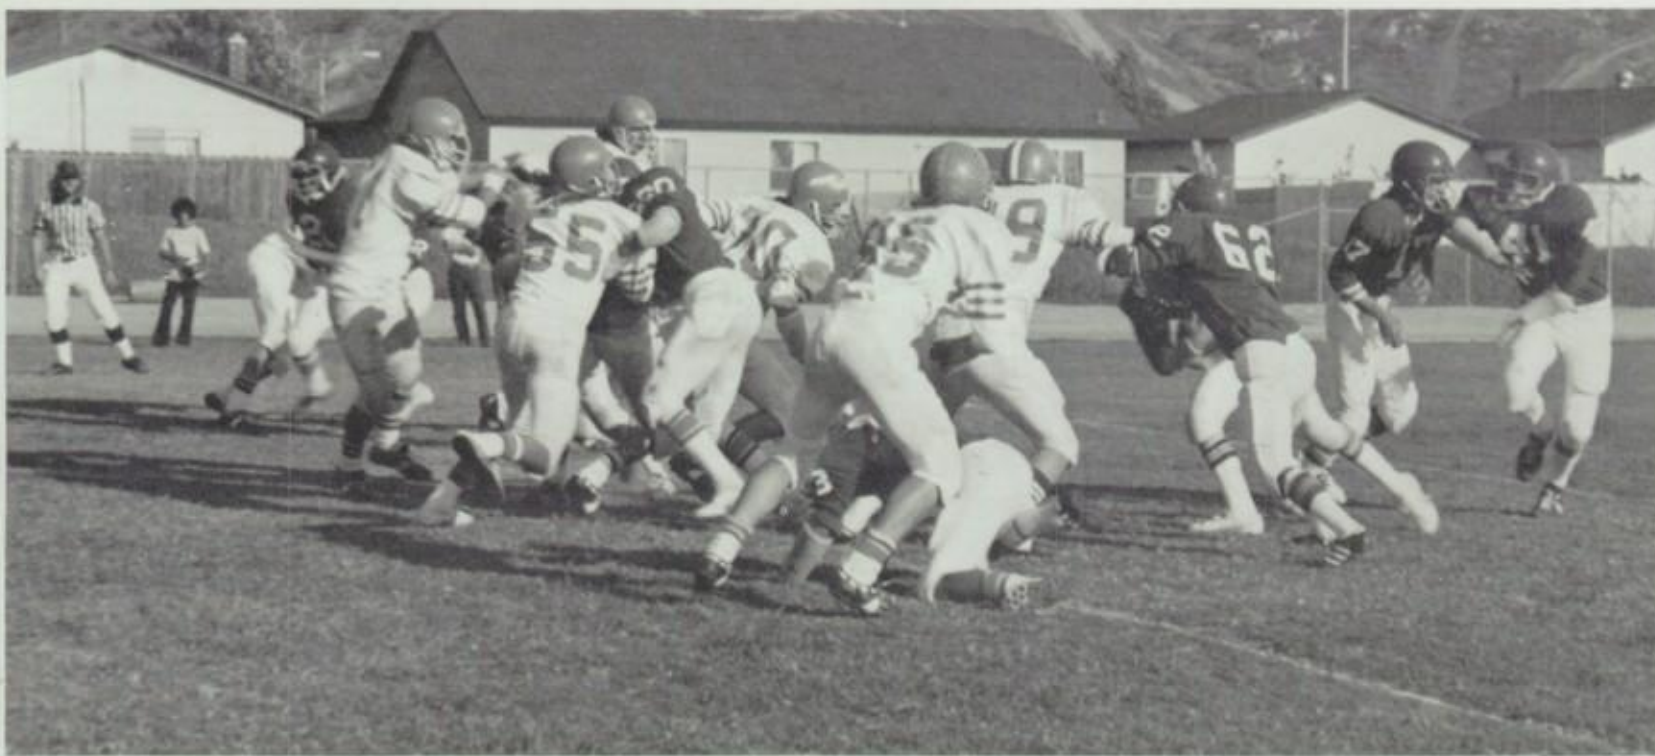

The JV team had a difficult start but ended up winning three out of the last four games they played. The team had the fire-up spirit every ball team should have. This helped them overcome their lagging season, and enabled them to win three of their last four games.

Bill Powen, Mickey Maloney, and Don McCall (picture 1) helped the team carry its season through their efforts as managers.

The faithful coaches (picture 2) are Ray Scholten and the brilliant head coach Clark Staples. (You can tell Coach Staples is brilliant by the way he put on his jacket.)

Richard Vega won most valuable player despite his arm injuries.

The Freshman team had a disappointing season this year, but they kept up their spirit despite their 0-8 record. Tough league competition proved formidable to the rookie team.

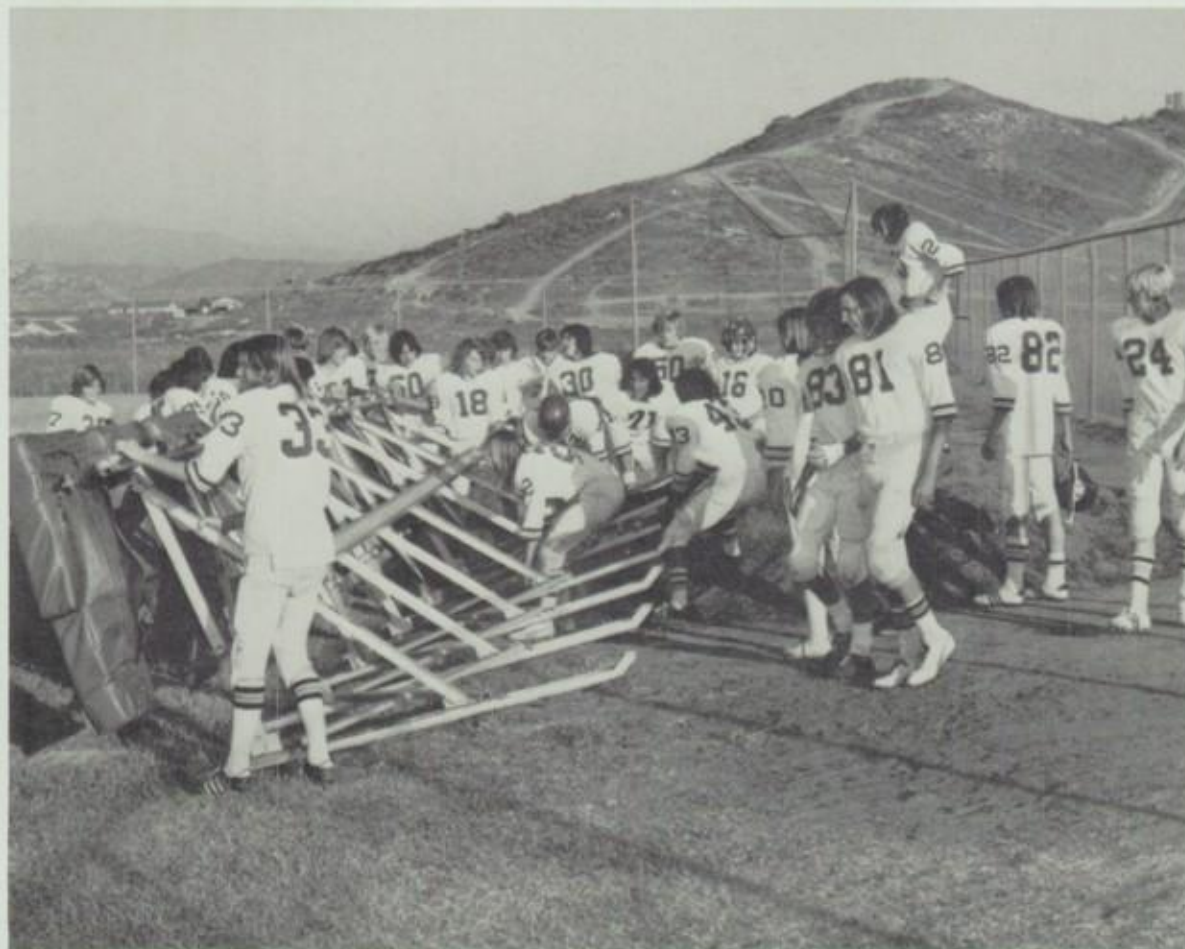

The team was coached by Jack Brown, the "mean and vicious" Coach Bill Homik, and Coach Art Preston. (picture 2)

The team managers were Guy Billings, and Chuck Sterling. (picture 1) These guys helped out a lot by doing many jobs for the team.

Seldom has a high school team dominated a sport as Santana has girls' gymnastics. In the four years existence of CIF competition, Santana has won the championship each year. Not only has their tournament record been unblemished, but the Sultan girls have never lost a dual meet of any kind. Primary credit for this outstanding program must go to Mary Daniels, the Santana coach.

Returning to this year's team are CIF competitors: (Advanced) Sherrie Rice, Jenny Hale, Angela Gudde, and Terry Fletcher. (Intermediate) Candy Kolesar, Aileen Hanson, and Lynn Etchelecou (Beginning) Becky Davis and Diane Mastronardi.

The Varsity Cross Country team had a poor season this year. Hard work and long practices fell short against the tough Grossmont League competition. Merrill Child was the top varsity runner. He finished within the top five in nearly all events.

Junior Varsity carried a tough season, with only a few permanent members.

In out of season competition, the Frosh Cross Country showed through. In the Mount SAC. invitational, they finished third over fourteen schools.

Coach Leon Herzog worked the three teams to build a better competitive team spirit.

SAN DIEGO — Even after opening basketball season with eight straight losses, the surprising Santana Sultans are counting on the Keweenaw Tournament to turn before Christmas. Some of the so-called "experts" however, was not the case. Although the Sultans did lose three games, they were able to win the CIF title and three other championships. Once again, the team is looking for a championship.

Komets, Sultans In CIF Title Test

TONIGHT AT SPORTS ARENA — The game as he picked up three fouls from the field as the Komets took 27 shots and hit 10. The Sultans got off only 20 fielders and hit 17. Giving the Sultans the opportunity to shoot from the free throw line as Kearny committed 20 fouls in the game.

shooting. No question the Sultans will give up a noticeable size advantage to the Cougars as 6-5 junior center Mark Price is Santana's tallest player. But, the Sultans have shown they can compete with the boys. Just ask Patrick Henry. The Patriots front-line of 6-7 Gary and 6-5 Brian

the beginning of the season, Hark said and it wasn't just one guy; it was everybody. Junior guard Harvey Hinkle, who scored 18 points and grabbed six rebounds, agreed that Santana's defense was the difference Tuesday.

We wanted to keep them out of the middle, Hinkle said. It's hard for me to pinpoint which game was our best defensive effort of the season, but I think it was the top of the list.

Picked to finish 5th in the Grossmont League, the 1975-76 season was like a wonderful dream come true for the Sultans. Tied with Helix for the league lead, the Sultans shot down the Highlanders in their own gym and moved into the playoffs. Again the Sultans were expected to be eliminated early but in four short days they smashed Patrick Henry, Escondido and Chula Vista to move to the finals. Kearny, CIF finalists for 3 of the last four years proved to be too experienced, and the Sultans were defeated. It had been a long and exciting season and as the team stood before the 6,000 Sports Arena fans there were a few damp eyes but all heads were held high.

THE MAN BEHIND THE MIGHTY SULTANS IS OUR COACH BART HARE!

Since Coach Bart Hare took over the Sultan basketball fortunes two seasons ago the team has prospered. Their record during that period has been 46 wins and only 12 defeats. Both seasons the Sultans have gone to CIF, this season to the finals. Coach Hare came to Santana from San Diego State University where he was freshman basketball coach. Before taking over the varsity Mr. Hare coached the JV for four seasons. In 1974-75 he succeeded Tom Curran as varsity coach. Bart Hare is married and has four daughters.

Wrestling is an exciting sport which challenges opponents in a struggle to pin each others shoulders to the ground. Wrestlers must be strong, agile, and in perfect condition. They use almost every muscle in their bodies. This makes wrestling one of the most healthful sports, but it also demands skill and intelligence.

"COMING ON STRONG!"

Track this year was definitely in a building process, especially since we lost three stars through injuries: Larry Howland, Jim Moore, and Merrill Childs. When Coach Fitzpatrick was asked how the team was doing, he replied: "Looking at the overall picture of the team, they certainly have great potential. For example, there are many sophomores competing on the varsity team." With the consistent help and guidance of coaches Leon Herzog, Bob Fitzpatrick and assistant Coach Kasischke, track kept up its good reputation through outstanding performances.. Track is the team of the future. It has a lot to give.!

The 1976 girls' softball team had a fair season. The most inspirational varsity player was Paula Edgington. The most improved varsity player was Lori Ripple. For J.V., the most inspirational player was Linda Huys, and the most improved were Lori LaFountain and Janis Arnold. According to coach Mary

Barnes, the season began really strong, then hit a slump that they could never pull out of. It was an extremely close season for all of the schools. Varsity came in seventh place, and J.V. pulled through with fifth.

Despite the high expectations of their new coach, Randy Geifer, water polo placed seventh in the Grossmont League. With the efforts of such players as James Krause, who tied for the most goals for one game, and goalie Gary Danielson, who broke his own record for the most saves in one year, the tough Grossmont League teams were provided worthy competition by the Santana Water Polo team.

J.V. BASEBALL STEALS TO VICTORY

The J.V. Baseball team started off on the right foot by wiping out Patrick Henry 3 to 1. They beat Orange Glen by nine points. Crawford by six, and they creamed Monte Vista 11 to 0. According to Coach Homik, the team was playing well above its ability. The Most Valuable players were Rick Martin and Rick Marks.

FROSH BASEBALL BATTLES THROUGH TOUGH SEASON

These Frosh Baseball Players can consider themselves lucky to have gotten this first year of high school baseball in. At the time of publications, the School Board was seriously considering dropping freshman baseball all together. The team was coached by Santana Alumni, Mike Saska. Coach Saska indicated that by their hard work in practice and their performance on the field in early games, prospects for the team were excellent. The ambition of all frosh players is to someday star for the varsity. Early indications were that several of perhaps Santana's last frosh team, would do just that.

Kneeling: Eric Thompson, Ken Falls, Phil Serano, Doug Newark, Dave Carrapel, Jim Morshing, John Gage; Top: Bill Grill Mgn; Steve Morten, Dennis Bready, Bob Duenez, Alan Holtos, Leroy Dicus, Rick Barraza, John Goodwin, John Wagner, Ken Keaton, Jim Metia, Coach Mike Saska.

It takes a lot of concentration, skill, patience, and a great coach like Mr. Tom Curran, to play a good game of golf. That was what this year's swinging golf team had. They also had returning lettermen: Dave Morgan, Joe Verdone, Russ Schultz, and Barney Hinkle. After all, golf isn't just any hookers game!

At press time, Coach Randy Giefer could not be sure about his swim team prospects. The team, led by CIF champion, John Leitlein, was basically inexperienced. Much hard work and dedication was to be needed before the Sultans could challenge the league favorites.

The Girls' Swim team has improved tremendously during this year's season. The problem with the team was they lacked depth. Although the team contains many award winning swimmers, the size of the team hurt in league competition. With the ambition to win, the team overcame many handicaps on the way to a good season.

Ms. Florence Esgate served as coach for the squad.

1. Barbara Spaulding has been counseling for five years at Santana and three years at Purdue Univ. She has also taught at various schools including colleges. She's one of the few PHD's we have at our school. "I have loved all my jobs but have never been happier than I am now at Santana. The people are all so terrific."

2. Eleanor Sherrell once worked for Neighborhood Youth Corps as a school coordinator. She attended UCLA and the University of Hawaii. Now she has an M.Ed degree. She enjoys camping and sewing. She often says "I like my work."

3. William Dunmeyer's hobbies are gardening, traveling, and reading. In the past, he has been A.S.B. advisor, English, Reading, Drama, and Speech teacher. He attended S.D. State for almost 4 years where he received his M.S. counseling degree. He has now been counseling for over five years.

Right Page:

1. Barbara McCluskey attended Eastern Michigan Univ. where she received her Masters Degree. She enjoys golf, bridge, and eating out. She has taught English and Sociology. This is her sixth year counseling at Santana.

2. Don Newcom enjoys doing things with his family. He taught adult school and coached at Granite Hills for 10 years. He attended U.S.I.U., Cal Western Univ. and Univ. of Calif. He plans on getting married April '76. He excitedly said, "I'm really looking forward to it."

3. Louis Pollock is a new addition to our counseling staff this year. He's taught English for eight years here, however. He was also A.S.B. advisor. He's interested in playing the guitar and several sports. He attended S.D. State for almost eight years and has a Master of Arts in English and a Master of Science in counseling.

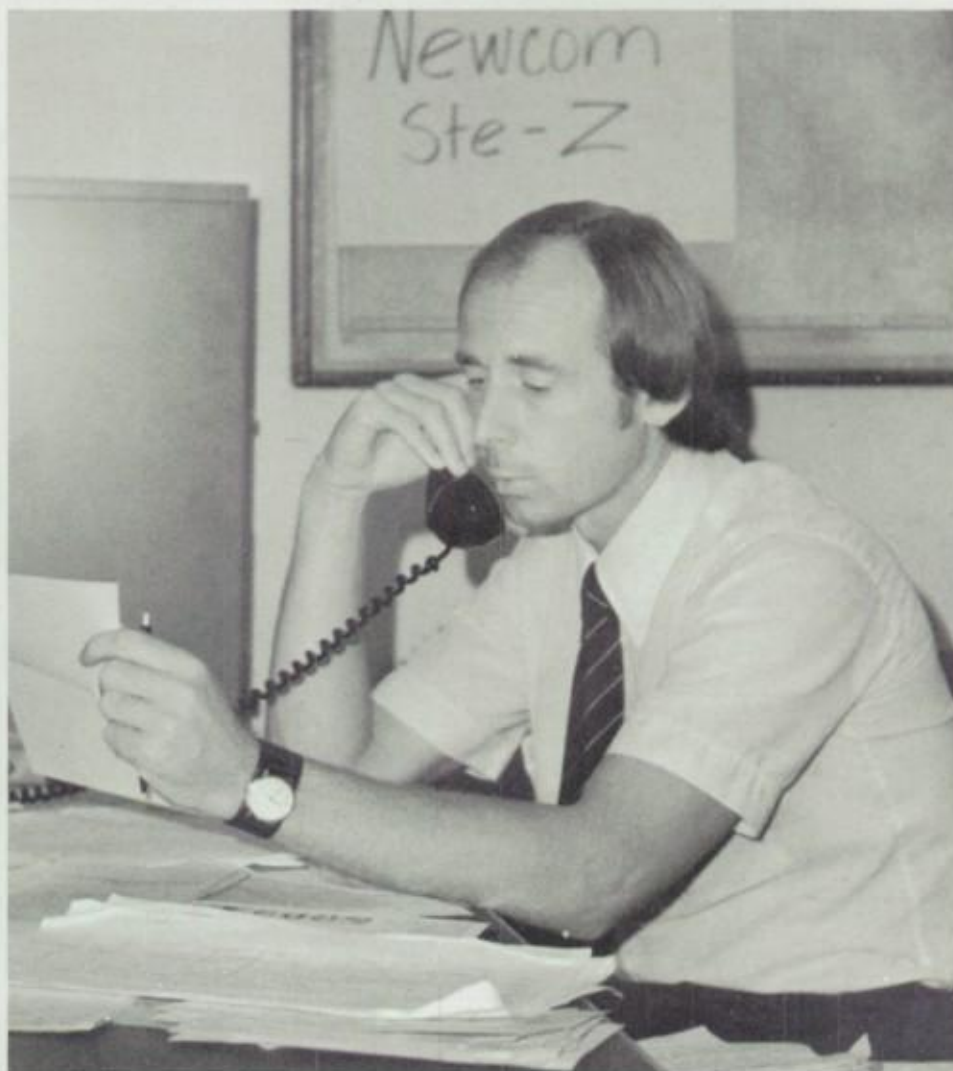

4. Sally Cochenour taught for eleven years and has been counseling for eight years. She received her Masters degree at S.D. State Univ., and has also attended Indiana State Univ., plus the Univ. of Penn. She enjoys cooking and swimming but her main interest is her family and profession.

Vo-Tech Develops Career Insights

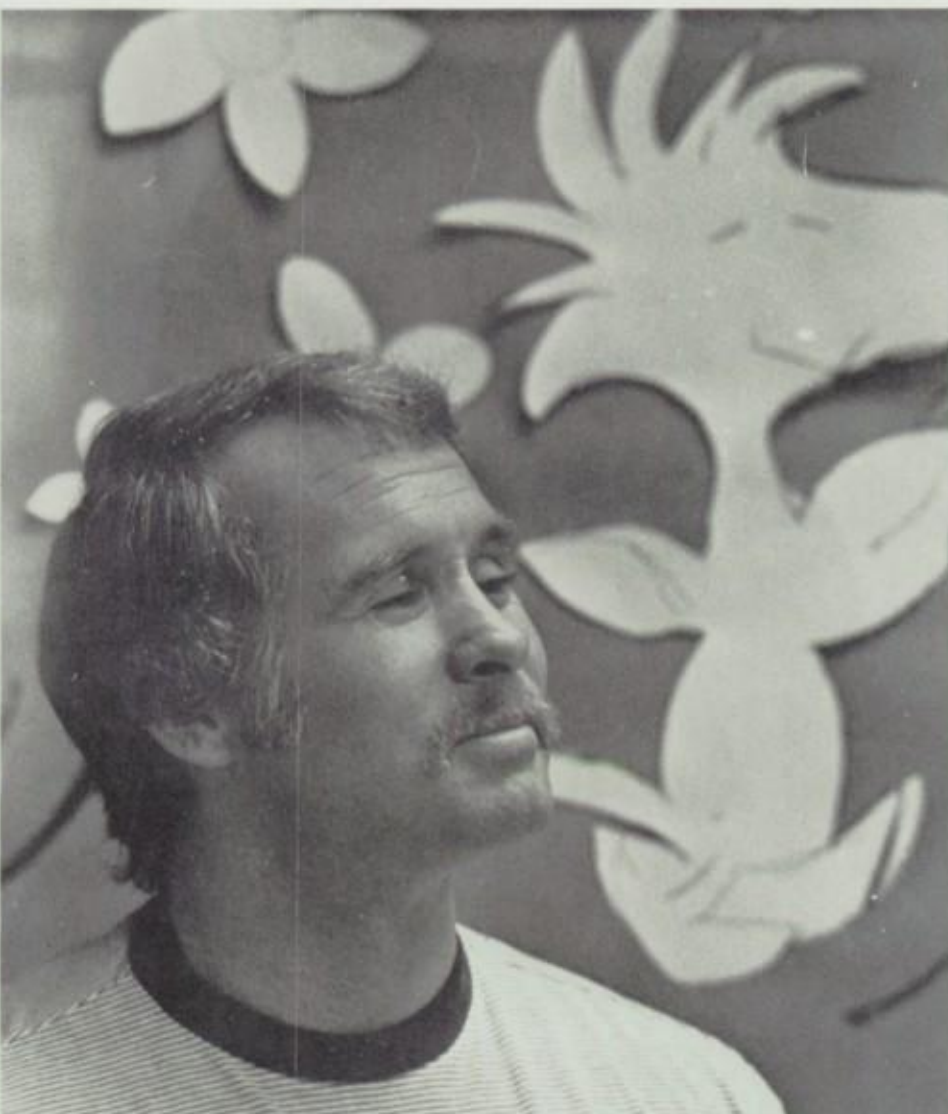

Vo-Tech, with dept. chairman Frank Muramoto, is the program which helps provide an awareness of various kinds of work available in industry and helps students to discover their own aptitudes in a certain field. This program consisted of auto body shop, metal shop, motorcycle mechanics, wood shop, drafting, power mechanics, basic aero, plastics, building construction, tech-core, diesel mechanics, and electronics. These lovely ladies are (left): Kathleen Finley, (right): Patricia Carpenter from the Home Economics Dept. When you think of Home Ec. what comes to your mind first? Sewing and cooking right? Well, you're partly right. Sewing is the best way to get a personalized wardrobe for little money. Cooking is great fun and tastes good. But Home Ec.'s goal is to mold a more versatile homemaker. WHAT DO SULTAN STUDENTS SAY ABOUT COURSES?

Art Student says: It's a beautiful thing to create a part of yourself.

a Senior

Business student says: Typing is one thing you can be sure you will need and always use.

a Sophomore

English student says: English can be frustrating-especially when it proves how much you haven't learned.

a Junior

Home Economic student says: I can now express myself through the use of material and thread.

a Freshmen

Language student says: Language is the key which unlocks men's minds. It forms a bridge of understanding between two minds, and it's the foundation upon which all human cultures are built. The more you know about languages, the better you are able to learn about and make friends with even those of other lands.

a Junior

Math student says: In a world of confusion, math is orderly-and helps the mind to think logically. There are no shades of gray. It's a subject where one either knows it or doesn't know it. It's exciting when you finally discover that you KNOW.

a Senior

Music student says: I found that what makes me satisfied and happy is just after we've had a hard days work of practice.

a Sophomore

Physical Education student says: P.E. is freedom to me, where you can scream as loud as you want yet not get in trouble.

a Freshmen

Science student says: How would you learn if you never asked questions? Chemistry teaches me how to ask the right questions.

a Senior

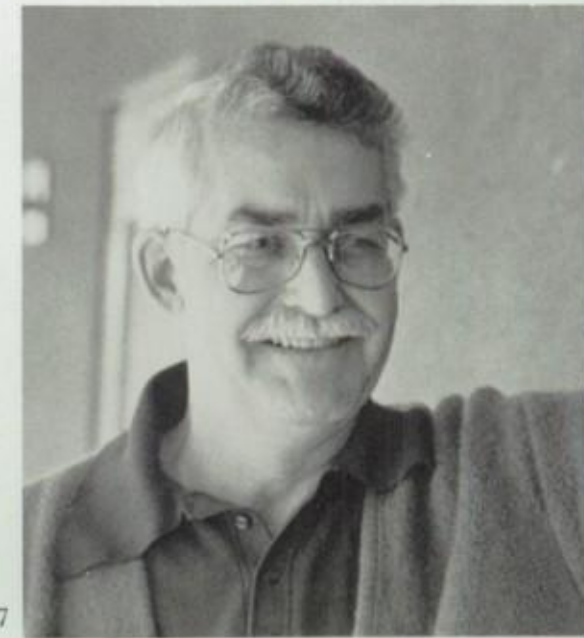

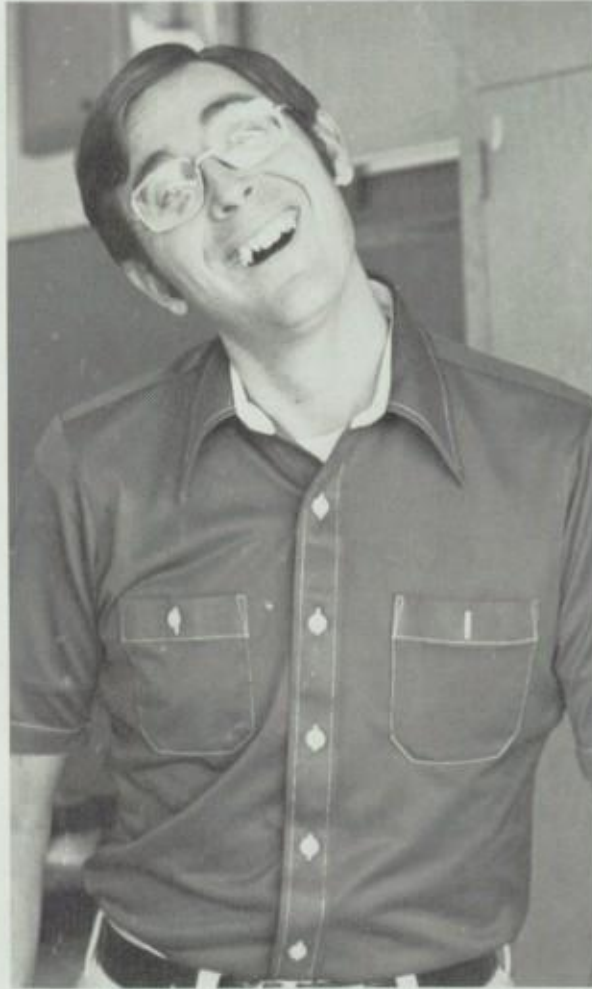

Social Science student says: Observing patterns of social change in the past, I can gain knowledge for future experiences.

a Junior

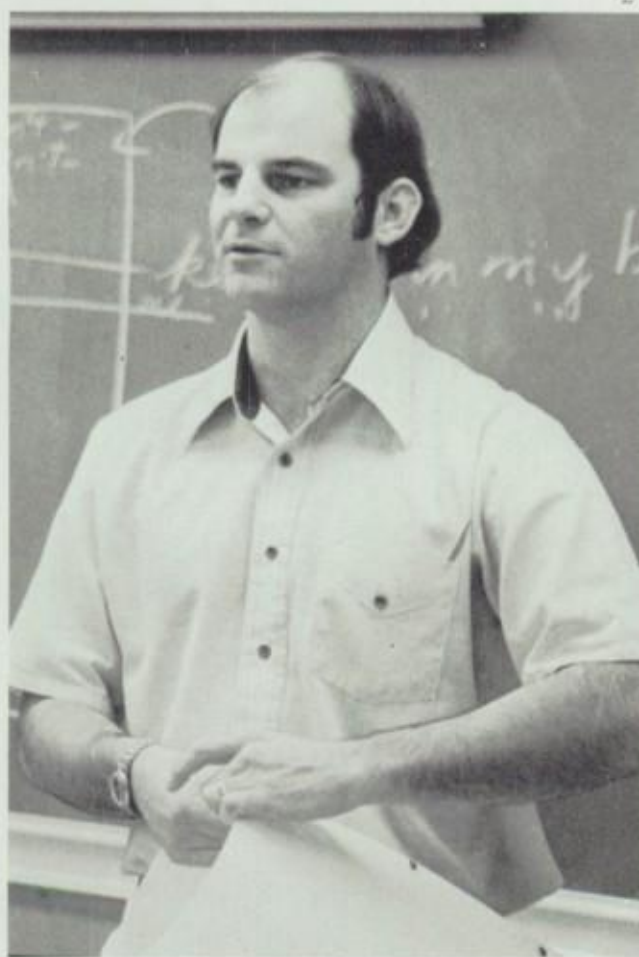

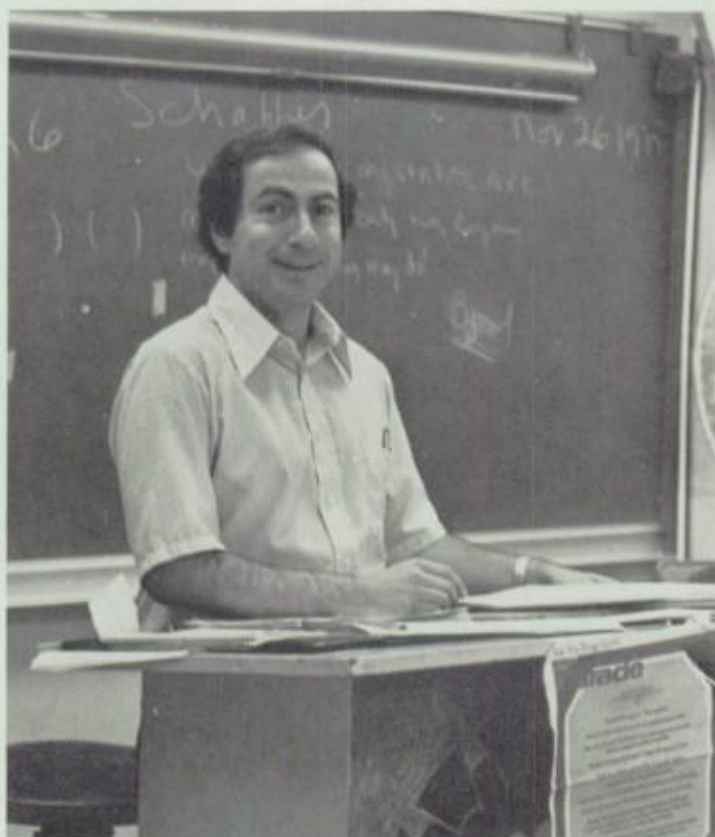

Vo-Tech students says: The first day in this class was wierd. I thought I was gonna start fixing my car. But I was wrong. I found this auto shop class involved much formal instruction. I almost dropped the course, but I'm glad I didn't. I not only know how to service and repair my car, but the reasons why something should be done.

MATH TEACHERS Are "GREAT ADDITION" To FACULTY

There were no new startling discoveries in the math dept. Two plus two still equals five, or is it four? Fortunately math students can forget their arithmetic as long as they understand the theory behind it. In the apparently unshakable world of geometry, dept. head Ed Noble continued to inform students that $a+b=c$, and Mr. Ken Rogers couldn't deny that $\pi r^2 = \text{Mr. Zastoupil}$. Meanwhile, in the quadratic world of algebra, Mr. Hare was studying his P over Q's with Mr. Lefever. Ms. Rogers, and Mr. Curren were helping out super-sophisticated, highly intelligent, Algebra 11C students overcome the hardships of everyday calculus.

Santana's Career Center was equipped to enable students to choose their careers by means of filmstrips, cassette recordings, pamphlets, directories, catalogues, testing materials, military information, recruiters, outside businessmen, college and vocational representatives. You'll be sure to "find yourself" with this and much more information available. Students are being offered the opportunity to experiment with careers through Exploratory Career Development-the program in which "on the job observation" is achieved.

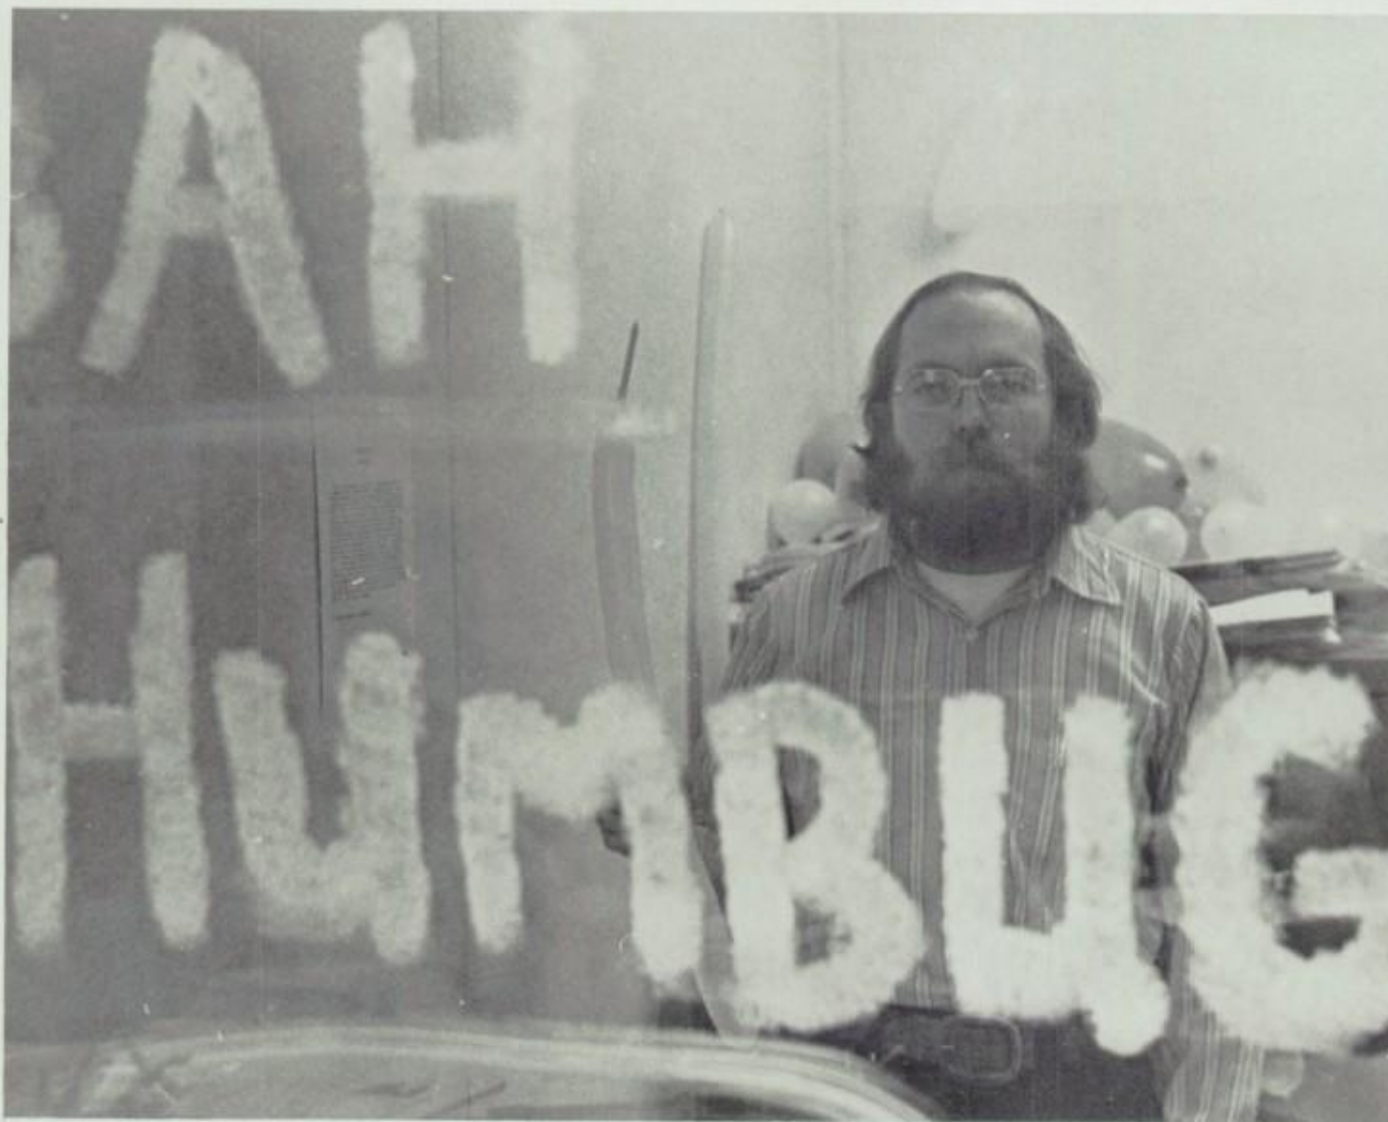

Expanded beyond the traditional library concept, Santana's library has undergone great changes this year. Not only modern remodeling and new carpeting and painting, but the Media Center was an exciting addition to our multi-use library. Filmstrips, kits-(Media), microfilm, motion picturefilm, records, story collections, cassette and reel to reel tapes, slides, and a wide range of reading-from fiction to crafts. There are approximately 30 student assistants working in the library and 15 in the Media Center with Jeff Edgley as head assistant. This is a great learning experience. There are 14 carrels, 15,000 books, and 120 magazines and newspapers all at your fingertips-just for the asking or simply for the looking! So come on in and discover, there's something for everyone.

America Celebrates The

The Bicentennial has had a DYNAMITE effect locally. The musical "1776" has been seen by people all over the county. The 200th anniversary has given Sultans more spirit than they have had in years. Everywhere people went they saw constant reminders of the Bicentennial.

The theme was upheld by a lot of propaganda. Most of it was good, but there was some that was drawn out or over used. One of the good points was the Freedom Train. The train was seen by thousands of San Diegans, when it made its stop at Miramar Naval Air Station during the middle part of January. The U.S. Mint put out a series of Bicentennial coins, which weren't expected to stay in

Bicentennial With . . .

circulation very long. Many copies of the original 1776 American flag, or simply called the Bicentennial Flag, have been made and sold to many Americans, two of which Santana bought for public display. Most of the stores had "Bicentennial Specials," which showed the commercialism of the whole affair. The Bicentennial has been so over-commercialized that more was seen on billboards about it than in the government itself. The original Thirteen Colonies promoted tourism in order for people to see the country's many historical landmarks like Independence Hall, Washington Monument, The Liberty Bell, etc. People came up with slogans and emblems that could be heard and seen throughout the country.

Enthusiasm, Patriotism

Of course, none of this was done without a purpose. A lot of things were happening 200 years ago. George Washington became the father of this great country. Most everyone has heard of the places that say, "George Washington slept here," well some people think that he was the father of the entire country! There was also Paul Revere, and "The British are coming," the Boston Tea Party, the Declaration of Independence, the Revolution, and finally the Constitution, which has been altered somewhat since then.

Everyday of 1976, it was like the 4th of July. There were constant reminders of the "All American" way of life, like apple pie, baseball, hot-dogs, mother and Chevrolet. Hardly a day went by without fireworks of some kind or another. Everybody looked like a

and Commercialism

combination of Yankee Doodle and Uncle Sam.

We all have to admit that this Bicentennial has brought most Americans out of their shell. People have opened their eyes to the America that is really out there. We are all free and have, our own constructive ideas on shaping America for the next 200 years. It is nice to look back and be proud of the America that was, but on July 5th, 1976 we must all think of the America that will be. Until then, let's all celebrate, because this has to be the longest birthday party on Earth.

Special Thanks To...

Boyd Anderson, for their usual excellent photography.

Mr. Hughes, for the use of his photo lab.

Mr. Hoadley, for a fantastic Baja trip.

Rene, for artwork.

John Stickney, (pictured on this page) more than just a super photographer, the Scimitar's friend.

Its difficult to know if the spirit and enthusiam of 1975-76 were a result of a very good year or the cause of it. But a very good year it was. The school seemed to come together as no one thought a double sessions school could and the Sultran Spirit, for the last few years just a term, became a reality. The Scimitar pages have reflected the heart, the soul and "Spirit of '76". Long may it live!

DeB,
you ARE A REALLY Bitchin
PERSON AND I REALLY hope you
stay that way. I hope you
sort all of your problems out with Rick.
He's A REALLY nice guy AND I think you ARE lucky to
have him. THANKS for helping me when I was down. And
remember I'm always here in case you need to talk to someone.
I hope that we can stay friends for a long time to come.
Remember you've got to invite me to your wedding.

Good Luck With Rick!!

I hope he is the one you marry

P.S. Keep "Smilin" even
when you're down!!

Deb,
You are a very
pretty and sweet girl
I am glad and feel lucky
to be with you. I hope it
lasts more than a long time, and
stay away from the life guards and all
the gay guys. Good luck in everything you
do and remember "you can always trust me as I
trust you!"

P.S. { You Make ME
FEEL BRAND
NEW
HO }

Love Always,
Rick "76"

P.S.S. Well Deb I had to write to try and tell you how
much I really do care and love you! It is very hard to
sum up in words what my heart is trying to say, but
I sure am going to try. We have barely started down
the road of happiness but all I see right now is the end
coming closer and closer, and when we finally reach
it, we will be in the garden of joy and happiness forever
and ever. Remember Love is a combination of many things
Happiness, Sadness, Fear and even Hate if ever you have
these feelings while we are together or apart please always
remember that it is all apart of Love. Please remember
also that when ever you need me that "I'll Be There"
and you will always make feel brand new. All my
Love Forever.

Rick
